

REVOLUTION[®] FAN COMMANDER[™]

TOUCH SCREEN CONTROL STATION

Single location control

- ▶ The Fan Commander can control up to 18 Revolution Fans within one facility
- ▶ Prevent employees from making adjustments to fan speeds
- ▶ No need to visit each fan location, which may be great distances apart

Maximize fan performance

- ▶ Control fan speeds and usage simultaneously or independently
- ▶ Schedule fans to operate only when needed to save energy
- ▶ View individual fan settings (On/Off + Speed)
- ▶ Optional ethernet port for network access
- ▶ Relay input control for easy on/off interface
- ▶ Customize each fan name to specific building locations
- ▶ Internal battery retains custom settings in the event of a power failure

DRIVE DOWN ENERGY COSTS TO A LEVEL
YOU'LL BE COMFORTABLE WITH.

The RevolutionFan Commander is designed to coordinate the operation of up to 18 Revolution high volume, low speed fans. One centralized control station will communicate with the standard control box at each fan location to maximize performance and reduce energy costs.

Rotating fan icons provide immediate visual of fan operation

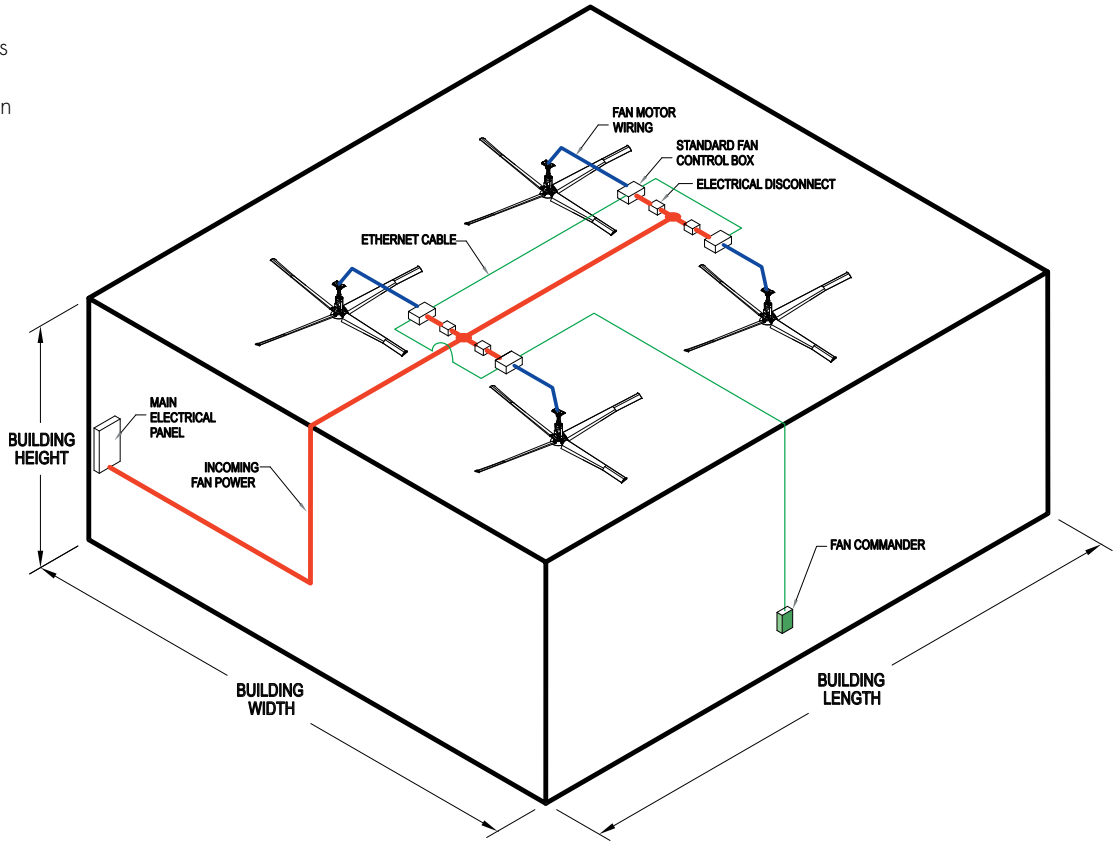

Fan network may be scheduled to start/stop twice per day

RITE-HITE[®]

REVOLUTION® FAN COMMANDER™

Installation flexibility

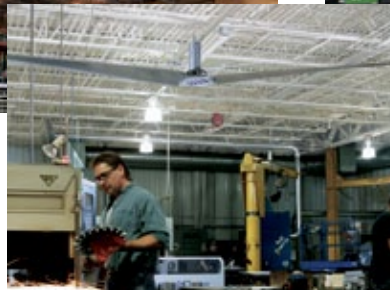

- ▶ Standard control boxes may be mounted up higher on walls or columns to minimize costly wiring and to avoid damage in high traffic areas.
- ▶ RJ-45 plugs used to wire the network without special tools.

Control up to 18 Revolution HVLS fans from one location with the Revolution Fan Commander.

Benefits of Revolution Fans:
